

The Gilstrap Family Scholarship
In recognition of excellence in the sciences.

Scholarship Description: A \$2,500 scholarship will be awarded to one student who has, throughout his or her high school career, exhibited excellence in the sciences (sciences include: science, technology, engineering, biology, chemistry, physical science, physics, forensics, etc.)

Requirements: This scholarship is designed for any student interested in pursuing post-secondary schooling in a science-related field (including nursing).

Applicants must also include two letters of recommendation and submit a typed essay in response to the question listed below.

The essay must be between one and two pages long.

The applicant selected as the scholarship recipient must provide verification of his/her acceptance at the post-secondary educational institution he/she will attend before any monetary award will be granted. The monetary award will be paid directly to the post-secondary institution by C-L.

Timeline: For an application to be considered, all requirements must be received by the Guidance Office by 3:00 PM on **Thursday, April 15, 2021.**

Application Questions (please answer on an attached, typed document):

1. Provide a list of science courses you have taken while at C-L.
2. What post-secondary institution are you planning on attending?
3. In which field do you intend to major?
4. Please be sure to include your two letters of recommendation.

Essay Question (please attach your 1-2 page response as a double-spaced, typed document):

Explain the importance of a science education and its impact on student learning and personal success. Be specific, including how a degree in science will help you reach your full potential in the career field of your choice.
