

Hello – Clarion-Limestone Area School District

I would like to begin by stating that I am both humbled and honored to be part of the Clarion-Limestone Family. I have expressed these sentiments previously and continue to reflect on the amazing things that Clarion-Limestone offers for our students. In my first month as Superintendent, I have witnessed the amazing teachers, staff, parents, coaches and community we have working together for our kids. I have also witnessed our wonderful students working hard to learn and grow. We have the benefit of a strong culture that is focused on student success as evidenced by the willingness of our staff to accept the changes we are already making. I have been an educator, a supporting administrator, a building administrator and now a district level administrator. The first day I stepped foot into the classroom I was focused on kids and what I could do for them. To this day, my focus has not changed even though my title is different. In the event you feel that I am not making decisions that are best for students, I welcome the opportunity to discuss those thoughts with you.

Best wishes for a wonderful year!

Brian W.
